

Cycplus AS230 PRO DP5 PRO Mini Bike Pump

Model: AS230 PRO

Manufacturer: CYCPLUS

EAN: 6976297860945

Product Code: 1086122

R1,751

Cycplus AS230 PRO DP5 PRO Mini Bike Pump

The Cycplus AS230 PRO DP5 PRO mini bike pump is a compact, modern solution for cyclists who want to be prepared for any ride. The device allows you to quickly inflate a tire to the correct pressure, offering efficient pumping and a practical auto-shutoff feature once the set pressure is reached. It's a great choice for both daily commutes and longer bike trips, when efficiency, convenience, and time-saving matter.

Speed That Makes a Difference

The Cycplus AS230 PRO DP5 PRO model is designed for efficient off-road performance. The device can inflate a tire from 0 to 80 PSI in just 50 seconds, significantly reducing the time it takes to get your bike ready to ride. On a single charge, it allows for up to four inflations of 700 x 25C tires, making it ideal for both emergencies and regular use. With a maximum pressure of 120 PSI, the device meets the expectations of more demanding cyclists who value precision and optimal

performance.

Lightweight design, great capabilities

One of the biggest advantages of the Cycplus pump is its extremely portable design. Weighing just 130 g and measuring 50 x 32 x 73 mm, it easily fits in a pocket, small pannier, or backpack without weighing down your gear while riding. The set includes 2 universal nozzles, compatible with Presta and Schrader valves, which increases convenience and allows you to use the pump on various types of bicycles. It is a practical and versatile accessory that is worth keeping with you at all times.

Precise control and fast charging

The Cycplus AS230 PRO DP5 PRO is equipped with a digital pressure gauge that displays the charge level, current pressure value, and measurement unit (BAR or PSI) on an easy-to-read screen. This allows you to easily monitor the entire pumping process and adjust the settings to your needs. The built-in 420 mAh battery supports fast charging via a USB-C port, and a full recharge takes only 30 minutes. This device is designed for active users who expect reliability, portability, and modern features packed into an extremely compact body.

Included

- pump
- ball inflation needle
- sealing ring
- waterproof storage bag
- Presta valve adapter
- hose
- inflation needle
- USB-C cable
- silicone case
- user manual
