Freewell Osmo Action 6 Creator Pro Cage

The Freewell Creator Pro Cage is a functional protective cage designed specifically for the DJI Osmo Action 6 camera, which expands its mounting capabilities and improves recording comfort. The design uses the Magnetic Quick Connect system, allowing for instant connection of accessories, and the sturdy aluminum housing provides effective protection during intensive use. The cage also offers 1/4"-20 mounting threads with ALAI positioning holes and a cold shoe mount, so you can easily connect a microphone, lamp, or tripod. An additional advantage is the ergonomic handle with a non-slip surface, which stabilizes shots and increases comfort during longer recording sessions.

Ergonomic handle for stable shots

The integrated handle is covered with a non-slip silicone surface that improves grip and allows you to record comfortably even for long periods of time. This design significantly reduces vibration when filming handheld, resulting in a more stable image. The handle can be quickly attached thanks to the

quick-mount system, allowing you to easily adjust the configuration of the set to your current needs.

Quick battery replacement without removing the cage

The cage is designed to allow quick battery replacement without having to disassemble the entire kit. Simply open the side panel and remove the battery, allowing you to get back to recording in no time. You will especially appreciate this solution during dynamic outdoor shots, when every second counts and camera continuity is important.

Extensive accessory mounting options

The Freewell Creator Pro Cage offers extensive possibilities for expanding your film kit. The cage is equipped with a cold shoe mount that allows you to connect additional accessories such as microphones or LED lights. 1/4"-20 mounting threads with ALAI positioning holes are also available, allowing you to easily attach a tripod, handles, or other mounting system components.

Durable construction and effective protection

The cage is made of durable aluminum alloy, which absorbs shocks well and protects the camera from damage during falls or heavy use. At the same time, the lightweight design has been retained, making the kit comfortable for everyday use. Thoughtful cutouts provide easy access to the charging port, buttons, and microSD card slot.

Ready for straps and carrying accessories

Special interfaces for attaching straps allow you to attach a wrist strap or shoulder strap. This allows you to carry the camera comfortably and always have it at hand, which is especially useful when traveling, doing outdoor sports, or vlogging.

Included:

- Freewell Creator Pro Cage
- Handle
- Shutter button module with cold shoe mount
