The new MultiQuick 3 features PowerBell VPlus Technology for up to 4 times finer results. An extra milling blade and 6 inner ribs create more interaction between food and the blades for more cutting per rotation, which gives you faster and more efficient blending results. The Dual Speed control is logical and easy to use. With its 900 watts of power, you can blend, chop and whisk whatever you need – simply. Need fine results? Just press one of the two speeds – it’s that easy.
