Neweer TL21C RGB LED color photo light

Discover full-fledged creative lighting with the Neewer TL21C, a compact yet extremely versatile RGB LED light that you can operate from your smartphone. With 195 LEDs, up to 17 lighting effects and precise control of color, brightness and color temperature, this handy lighting panel delivers professional results in any situation - from photos and videos to live broadcasts and events.

Reliability and precision

The Neewer TL21C combines advanced lighting technology with full creative freedom. Equipped with 195 LEDs and RGBWW technology, it offers exceptional color reproduction (CRI 95+) and a wide color temperature range of 2500-8500K. Its 10-watt output provides up to 730 lux of brightness from a distance of 0.5 meters, and the adjustment of brightness, hue (0-360°), saturation (0-100%) and GM green compensation (-50 ~ +50) allows you to match the light perfectly to any scene.

Full control on your smartphone

With the NEEWER app (available for both iOS and Android), you can wirelessly control the lamp from up to 50 meters away. Change color, color temperature, brightness, saturation and modes with a single touch, and save your favorite settings. An intuitive color wheel allows you to quickly select a shade, and OTA update support ensures that your flash is always running the latest software.

Stunning effects and creative modes

The TL21C offers up to 17 preset lighting effects - from lightning, fire and explosions to flashing party lights and TV screen simulation. With CCT, HSI and FX modes, you gain full control over color and mood, whether you're creating dynamic video shots, artistic photos or conducting a live broadcast.

Long runtime and fast charging

The built-in 2550 mAh lithium battery allows up to 140 minutes of operation at maximum brightness. With support for PD 3.0 fast charging via the USB-C port, the light is ready for use in just 110 minutes. What's more, it can be used while charging, so your work is uninterrupted.

Lightweight, handy and ready to mount

The lamp weighs just 270 g with dimensions of 228 × 40 × 45 mm, so it fits perfectly in your hand. Built-in magnets allow you to quickly attach it to metal surfaces, and two 1/4" threads allow you to mount it on a tripod or bracket. Great for photo shoots, vlogs, live streams, events, and as an emergency light source.

Create your own scene anywhere

The Neewer TL21C is a versatile RGB light that will find its way into almost any situation - from live streaming to outdoor photo shoots to creating ambiance at parties. Ideal for creatives looking for a mobile, powerful and fully controllable light source.
