Cycplus AS2 mini electric pump

Looking for an electric pump that can accompany you almost anywhere? Opt for the AS2 model by Cycplus! The dimensions of this small device are only 56 x 28 x 47 mm - you can easily fit it even in your pocket. The product provides a pressure of up to 100 psi and allows quick charging - it takes only about 20 minutes to be fully operational. It is also distinguished by its durable construction and compatibility with both Schrader and Presta valves.

Pocket size

The Cycplus AS2 is a pump you can always have on hand. It weighs only 97 g and its dimensions are 56 x 28 x 47 mm. This makes it easy to fit it into your bag, backpack or even your pocket! You will also find a practical silicone case, which will protect the device from damage, while guaranteeing a firm grip and excellent thermal insulation while pumping.

Powerful battery, fast charging

The pump is equipped with a powerful 300 mAh rechargeable battery that provides a surprisingly long runtime. This allows you to charge up to two 700x25C bicycle tires from 0 to 80 psi on a single charge! What's more, it only takes about 20 minutes to fully charge the device. An additional advantage of the pump is the built-in light indicator, which will provide you with information about the current charge level.

Impressive capabilities

Despite its compact size, the pump stands out for its impressive performance. It provides a maximum pressure of 100 psi and allows you to reach 80 psi in just about 80 seconds. At the same time, it is compatible with two types of valves - Schrader and Presta. You don't need to buy any additional accessories!
