Dreame Aqua10 Ultra Track Complete Robot Accessory Kit

The Dreame Aqua10 Ultra Track Complete robot vacuum accessory kit is a comprehensive set of replacement parts designed to keep your device running at peak performance and ensure excellent daily cleaning results. High-quality, durable materials guarantee a long service life and a precise fit for the robot, resulting in quiet, efficient operation and easy, quick replacement of worn parts. The set includes two side brushes, a main brush, three mop roller covers, two dustbin filters, and two dust bags. It is the perfect solution for users who want to regularly refresh their equipment and maintain the highest level of cleanliness without compromising cleaning performance.

Included:

- Main brush
