IsEasy MGBG-604B four-zone gas hob with glass panel.

The IsEasy MGBG-604B gas cooktop is the perfect combination of functionality and modern design. With four heating zones of different power (1x 1 kW, 2x 1.75 kW, 1x 3.3 kW), it allows you to prepare several dishes at the same time, which significantly improves the daily work in the kitchen. The glass panel adds elegance to the appliance and makes it easy to clean, while the small size and built-in capability saves space. The hob is compatible with LPG and NG gas.

Four burners with different power

The MGBG-604B is equipped with four burners with different wattages - 1x 1 kW, 2x 1.75 kW and 1x 3.3 kW. This allows you to adjust the cooking temperature to the type of food you are preparing - from gentle braising to quick frying.

Controlling the hob is simple and intuitive thanks to durable and comfortable to use knobs. Clear markings allow you to precisely control the intensity of the flame, making cooking even easier. The device is also equipped with sturdy grates that will provide the necessary stability even for heavy pans and pots.

Compatibility with natural gas and LPG

The IsEasy MGBG-604B cooktop is designed to run on both natural gas (NG) and liquefied petroleum gas (LPG). This makes it extremely versatile and will work in almost any kitchen. Special nozzles make it easy to adapt it to your gas installation!

Elegant design and easy cleaning

The glass surface of the hob not only looks great, but is also very easy to clean. Just wipe it with a damp cloth to remove dirt and restore its shine! You no longer need to waste precious time on long, tiring cleaning.

Ideal for built-in

Thanks to its dimensions of 60 x 52 x 11,5 cm, the MGBG-604B gas hob does not take up too much space - it will work even in a small kitchen. It is also perfect for built-in - you can easily install it in a 56 x 48 cm recess. In addition, its modern design will perfectly fit into almost any interior design!
