You're treated to vibrant lifelike images thanks to its 3,000:1 high contrast ratio for darkest black and brightest white, and the 178°wide viewing angles panel for minimal distortion and color shift, even when you're viewing it from extreme positions.

Frameless Design

Makes it perfect for almost-seamless multi-display setups that give you an even greater degree of immersion.

ASUS-exclusive Splendid Technologies

We’ve raised the bar by incorporating some of our proprietary technologies to give you a truly vivid visual experience. Splendid Video Intelligence Technology that optimizes videos and images by enhancing color brightness, contrast, and sharpness. Splendid features two new modes – Reading and Darkroom – in addition to the Scenery, Standard, Theater, sRGB, and Night View modes. Low-blue Light and Flicker-free technologies also reduce the strain on your eyes after long periods of use.

ASUS Blue Light Filter

The TÜV Rheinland-certified ASUS Blue Light Filter protects you from harmful blue light. It's easy to access, intuitive and flexible with seamless adjustment (0 to Maximum) via the OSD menu. ASUS displays has undergone stringent performance tests and has been certified by TÜV Rheinland laboratories, a global provider of technical, safety, and certification services.

Flicker-free Technology

It's time to say goodbye to those tired, strained eyes. ASUS displays features TÜV Rheinland-certified ASUS Flicker-Free technology to reduce flicker for a comfortable viewing experience. This technology helps minimize instances of eyestrain and other damaging ailments, especially when you spend long, countless hours in front of a display watching favorite videos.
