R733

The Lanberg rack cable management panel is designed to simplify and streamline your cable organization within a 19-inch rack setup. Constructed from steel, this panel ensures long-lasting performance and reliability, making it an essential addition to any server or network room. It features a height of 2 rack units, providing ample space for managing cables effectively and keeping your setup neat and tidy. Included in the package are M6 screws for easy installation, ensuring a quick and hassle-free setup process.
