touch point, driver required).

Ultimate Flexibility, Seamless Touch

Enjoy intuitive 10-point touch and precise MPP 2.0 stylus support in a sleek, durable design. With optical bonding, anti-glare screen, USB-C connectivity, and wide OS compatibility, this monitor adapts effortlessly to business, learning, or personal use—anytime, anywhere.

Seamless Touch, Endless Possibilities

Empower everyone to play and collaborate simultaneously with PCAP touch technology that supports 10-point multi-touch functionality. Enjoy effortless annotation, seamless navigation, and precise selections through smooth and intuitive tap, swipe, slide, and pinch gestures. A glass overlay ensures reliable touch performance, resistant to dirt, dust, condensation, liquid spills, and cleaning solutions, making it ideal for long-lasting, everyday use.

Support MPP 2.0 Stylus

Powered by Microsoft Pen Protocol (MPP) 2.0 technology for precise accuracy and low latency, the HT220CUA touch monitor delivers a natural, pen-like writing and drawing experience when used with a wide range of digital pens featuring pressure sensitivity, reduced latency, and tilt support.

Crystal-Clear Precision with Optical Bonding

Experience superior clarity and responsiveness with Optical Bonding PCAP technology in the HT220CUA touch monitor. By removing the air gap between the touch panel and display, it reduces glare, enhances contrast, and boosts durability, offering an ultra-responsive touch experience with improved accuracy—ideal for professional, gaming, and interactive use.

Minimize Glare, Maximize Comfort

With an anti-glare surface, the matte screen of the HT220CUA touch monitor reduces eye fatigue by minimizing reflections from overhead lighting and external light sources, providing excellent readability and high-quality images for advertising, work, learning, and gaming.

7H Hard Glass Protection

The HT220CUA touch monitor is resistant to scratches and impacts. With a 7H hardness rating, it is ideal for high-traffic public spaces, such as schools, universities, in-store retail environments, and interactive kiosks.

Sync and Share with One USB-C Cable

Equipped with a USB-C port, the HT220CUA touch monitor enables touch functionality and video signal delivery all in one cable, providing you a clutter-free setup for work and play. Experience the convenience of plug-and-play versatility like never before!

Support Multi-OS

The HT220CUA touch monitor is compatible with multiple operating systems, including Windows, Linux, Android, and macOS (single touch point, driver required), offering greater flexibility in your choice of operating system.

Built-in Dual Stereo Speakers

Two built-in stereo speakers deliver rich sound and excellent audio quality for a more immersive experience when listening to music, watching movies, and playing games. You can also plug in the headset into headphone jack to enjoy the audio feast in private.

Maintain Teaching Quality at a High Level

The included smart adjustable stand offers a tilt range of 15° to 50°, allowing you to effortlessly adjust to your ideal viewing angle while minimizing strain on your posture and wrists. Alternatively, the hinged stand lets the monitor lie flat on the desk, transforming it into a large tablet. Additionally, the monitor is VESA-compatible, allowing easy mounting on monitor arms, so you can fully enjoy its stunning picture quality, responsive touch interaction, and enhanced teaching quality and usage in any learning environment.
