

Techly IUSB-SW3024 computer data switch

Model: IUSB-SW3024

Manufacturer: TECHLY

EAN: 8059018367980

Product Code: 1092500

R2,300

The IUSB-SW3024 allows you to share up to four USB peripherals between two computers. Ideal for sharing devices such as printer, scanner, mouse, keyboard, card reader, flash drive, portable hard disk and other USB devices between two PCs or notebooks.

Driven by the IUSB-SW3024, computers can work and share seamlessly, regardless of whether the operating system is Windows, Mac or Linux. Allows you to create productive, streamlined workspaces for any desktop environment.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
