Product Code: 1093181

R1,216

Want to protect your phone? I mean REALLY protect your phone? Then this 3-in-1 protection pack from PanzerGlass® is for you! Featuring a wireless charging compatible HardCase, an Ultra-Wide Fit Screen Protector, and a Hoops Camera Lens Protector, this pack shields your phone from scratch-creating bumps against sharp-edged corners, phone-cracking falls onto stone-hard pavements and just about anything else life might throw at you. The screen protector even has a smudge-free coating that reduces traces of fingerprints and grease.

The HardCase features the world's most advanced plant-based protection material, D3O® Bio, trusted to protect military elite forces and professional athletes alike. The back is 100% recycled

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. plastic, while the plastic frame comprises 44% plant-based content. The screen protector is made of 60% recycled material and provides 3x higher scratch resistance than our models for the S23 series. And what about the Hoops Camera Lens Protector? It keeps your camera lenses free from scratches and cracks that would leave permanent scars on all future photos.

The 3-in-1 protection pack prolongs the lifetime of your phone so that one day you can pass it on to someone else who will love it just as much as you do. This is one way of working toward a more sustainable future. Another is to use less packaging: For this pack, we have managed to reduce the paper packaging by 58%* compared to previous packs. And like all our products, the protection pack comes in a recyclable FSC™-certified box.

Installation is also easy. Just mount the screen protector using the enclosed EasyAligner, apply the camera lens protector, and click on the HardCase. To make it even easier, we've included step-by-step instructions as well as a QR code for quick access to our online how-to video. And once everything is installed, you'll never again fear the sight of your phone tumbling to the ground. This may not happen, but if it does, you'll regret not having clicked "add to cart".

*Measured by third-party lab by comparing the mass of the new paper packaging introduced in 2023 with the mass of the previous paper packaging introduced in 2022 (CPRTC, report No. ZSA20231301-0016).
