R2,018

WiFi 6 Takes Your Network to the Next Level

Armed with Wi-Fi 6 , ME80X improves virtually every aspect of your network: speed, efficiency, and capacity.

Extend WiFi to Where You Need It Most

Extend your router’s coverage. This AX3000 range extender, with two adjustable high-gain antennas, boosts WiFi to hard-to-reach areas and is compatible with older WiFi standards (11b/g/n/a/ac) and all connected devices.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Cover Your Whole Home with EasyMesh

ME80X is compatible with EasyMesh, enabling you to set up a whole home mesh network with one WiFi name and password with any other APs that support EasyMesh from multiple vendors. Enjoy flexible, scalable, and seamless mesh WiFi throughout your home!

Effortless One-Touch Setup

Press the WPS button on your router and the WPS button on your extender to expand your WiFi coverage in seconds.

Built-In Access Point Mode

ME80X is more than a WiFi range extender. Connect it to your wired internet via Ethernet to transform it into a dual-band WiFi access point.

Control at Your Fingertips

Set up and manage your WiFi through the MERCUSYS app from your smartphone (Android, iOS).
