R8,619

Lexar SL500 2TB portable SSD

The Lexar SL500 2TB SSD is a reliable choice for content creators who need speed, performance and mobility. With read speeds of up to 2,000 MB/s and write speeds of up to 1,800 MB/s (with USB 3.2 Gen 2x2), the drive delivers smooth performance for 4K video editing, working with large graphics files, and storing complex multimedia projects. Thanks to its thin metal chassis, the SL500 is extremely compact and easy to carry, fitting in a pocket, laptop bag or camera kit, providing an ideal solution for working on the go. The magnetic mount version allows you to conveniently attach the drive to your iPhone, making it easy to directly record video at up to 4K 60 fps.

Advanced technology and broad compatibility

The Lexar SL500 2TB SSD not only offers exceptional performance, but also convenience thanks to its compatibility with a wide range of devices - iPhones, laptops, cameras, game consoles and other mobile devices. A Type-C data cable provides plug-and-play convenience, and anti-overheating

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
