Lexar Professional SL400 2TB Portable SSD + Hub

The Lexar Professional SL400 Go Portable is a portable SSD that meets the needs of even the most demanding professionals. With its USB 3.2 Gen 2 interface, it offers remarkable read speeds of up to 1050 MB/s and write speeds of up to 1000 MB/s. Such parameters guarantee smooth 4K video recording and fast backup and post-production tasks. The drive also supports the Apple ProRes format, making it an ideal choice for video creators, including users of the latest iPhone models. With a capacity of 2TB, the device provides ample space for storing large media files.

Flexibility in any situation

The Lexar SL400 Go Portable drive comes with a functional hub that allows flexible connection of multiple devices. The hub features four USB Type-C ports, giving you the ability to connect accessories such as microphones, lights and power banks. The kit also includes USB Type-C adapters (male-to-male and male-to-female) and a cold shoe cable, ensuring full compatibility with various devices. The whole thing is enclosed in a compact and durable case, making it handy and resistant to damage. IP65 certification provides protection against dust and water, and resistance to drops from up to 1 meter makes the drive ideal for harsh environments.

Included

- Hub with 4 USB Type-C ports
- USB Type-C adapters (male-to-male and male-to-female)
- Cold shoe cable
