2L-7D02HDP, the True 4K 1.8M HDMI to DisplayPort cable is designed to connect an HDMI output device to a DisplayPort input of a 4K / True 4K display. Users can simply plug and play this adapter cable without any additional software installation required to make stable video conversion quicker and easier.

This adapter cable supports DP1.2 with resolutions up to 4096 x 2160 @ 60 Hz. It is equipped with a USB Type-A connector for power supply if there is insufficient power coming from the HDMI source. Wide compatibility with various HDMI source devices (e.g. PC, laptop, video game console) and DisplayPort displays devices (display / monitor) enhances user experience and efficiency.
