R1,216

Make your documents impress and protect them from wear and tear with the HP Premium laminating pouches. These transparent laminating pouches measure 303 mm x 426 mm, making them suitable for your A3-sized documents. With a thickness of 80 microns, these films can be used for all DIN A3-capable laminators, as long as the specified micron number is not exceeded. The laminating films are used exclusively for hot lamination and have a glossy surface. The laminating pouches are available in a folding box with a content of 50 pieces.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
