

ADATA Premier ONE V90 256 GB SDXC UHS-II Class 10

Model: ASDX256GUII3CL10-C

Manufacturer: ADATA

EAN: 4712366968738

Product Code: 1094886

R6,606

Premier ONE SDXC UHS-II memory cards meet the latest standards, providing ultra-fast read up to 290MB per second, which is 3 times faster compared to UHS-I SD cards. Premier ONE SDXC UHS-II memory cards also support highest-level V90 video playback. Thanks to these remarkable improvements, they are perfect for high-end digital video recorders and cameras, enabling users to continuously photograph, record, and play Ultra HD 8K, 4K, and 3D/VR content. Backed by solid multi-point protection, Premier ONE SDXC UHS-II Class 10 (U3) memory cards are the most durable and reliable choice for professional photographers and enthusiasts in capturing every monumental moment!

UHS-II performance boost!

Premier ONE SDXC UHS-II memory cards support the new UHS-II standard and are backward compatible with UHS-I. They feature improved read/write performance for quicker file handling, shorter upload times, and better transfer efficiency. To transfer large RAW files also takes a few seconds - perfect for professional photographers!

High fidelity burst modes - no problem

With high write speeds up to 290MB/s, Premier ONE SDXC UHS-II Class 10 (U3) cards enable users to easily capture and transfer images using professional cameras in the highest resolutions even in burst mode.

V90 video speed

Premier ONE SDXC UHS-II memory cards meet V90 specs, meaning they can record up to 90MB of video per second. This is more than enough for Ultra HD 4K, 8K, 3D, VR content, and 360-degree capture, all of which are especially suitable for professional photographers.

High storage capacity

Providing a wide capacity range from 64GB to 256GB, Premier ONE SDXC UHS-II memory cards allow users to store thousands of photos and hours of full HD video. Whether working on burst photography shoots or recording continuous video, Premier ONE memory cards enable you to concentrate on the task at hand without worrying about getting interrupted by running out of space.

Full protection for high durability

Premier ONE SDXC UHS-II memory cards are equipped with automatic error correcting code (ECC). They pass rigorous waterproof, shockproof, X-ray proof, and anti-static testing for rugged durability. All cards feature high quality MLC Flash, ensuring longevity and reliability.
