Ultra-flexible HDMI cable designed for long-lasting durability in high-touch environments

This Premium Certified High Speed HDMI™ Cable is designed for reliable performance in enterprise, AV, and IT environments. HDMI specifications are clearly marked on each connector-an exclusive feature that eliminates guesswork, ensures compatibility, and confirms the cable's ability to support high-bandwidth performance.

Durable and Ultra Flexible Jacket

Route this HDMI cord easily around corners, behind user workstations, displays, through AV panels, and into concealed or hard-to-access HDMI ports with an ultra-flexible jacket designed for frequent bends and tight installations. The cable combines a ultra-soft, low-memory silicone inner layer with a braided nylon exterior, supporting clean cable runs in enterprise AV racks, conference rooms, workstations, and wall-mounted display setups without compromising durability.

Easy-grip connector strain reliefs facilitate quick insertion and removal in high-density or difficult-to-reach spaces. Gold-plated connectors preserve signal integrity, resist corrosion, and are rated for 10,000+ insertions for long-term, reliable use.

Full-Featured Premium High Speed HDMI

Drive sharp 4K UHD video, fast refresh rates, and high-resolution visuals on UHD displays, workstations, video walls, and AV installations. This flexible Premium High Speed HDMI Cable supports full HDMI 2.0 features:

- Resolutions up to 4K 60Hz using a compatible HDMI source and display
- Supports high refresh rates including 1440p 144Hz and 1080p 240Hz
- 21:9 Aspect Ratio support for cinematic viewing experiences
- High Dynamic Range (HDR10) for higher contrast ratio and vibrant picture quality
- High-Bandwidth Digital Content Protection (HDCP) 2.2 for a secure connection between source and display

- Audio Return Channel (ARC) for sending audio from the TV back to an AV receiver or soundbar
- Up to 32 Uncompressed Digital Audio Channels
- HDMI Ethernet Channel (HEC) for network connectivity over HDMI
- Backward compatible with previous HDMI versions

Certified for Guaranteed Compatibility

The 4K HDMI Cable is certified by an HDMI Authorized Test Center and undergoes rigorous compliance testing to verify support for all HDMI 2.0 high-bandwidth features. It is EMI-tested to ensure minimal interference with nearby wireless signals. This cable works with all 4K ready devices and is backward compatible with previous HDMI specifications.
