Arzopa A1T 15.6" portable monitor

Looking for a lightweight, versatile monitor that you can take anywhere? The Arzopa A1T is the perfect solution for those who want to enjoy excellent image quality in any conditions. Equipped with a Full HD 1080P touchscreen, it offers clear and realistic images and pleasantly easy operation. With its lightweight design and wide compatibility, it will be a great companion for both work and entertainment.

Exceptional image quality

The Arzopa A1T provides excellent display quality with Full HD 1080P resolution. The IPS matrix offers a wide 178° viewing angle, meaning colors remain vibrant and true regardless of perspective. In addition, HDR technology improves contrast and image detail, making movies, games or presentations look even more impressive.

Comfortable to use

The 15.6-inch diagonal screen and touch panel provide comfortable and intuitive operation. The monitor supports precise multi-touch gestures for easy work and navigation. Thanks to its lightweight design (just 890 g) and slim design with a 9.3 mm thick bezel, the device is ideal for travel - it will even fit in a laptop bag.

Versatility and modes of operation

The Arzopa monitor allows you to use three modes of operation: Duplicate Mode for displaying the same image on two screens, Extend Mode for splitting content across two screens, and Second Screen Mode, where the portable monitor acts as the main screen. This way you can customize it to suit your needs, from work to entertainment.

A wealth of connections

The device is equipped with two USB-C ports, a mini HDMI port and an audio port, giving you a wide range of connectivity options for various devices such as laptops, smartphones, consoles and TV boxes. This makes the monitor extremely functional and easy to use, regardless of the situation.

Wide compatibility

The Arzopa A1T monitor works with a wide range of devices, including consoles (PS3/4/5, Xbox, Switch), computers, smartphones and even cameras. It will be perfect for working, studying, playing games or watching movies. It's a versatile device that will adapt to your needs.

Included

- Portable monitor
- Type C 3.1 data cable (1m)
- HDMI 2.0 Full HD data cable (1m)
- USB-A to USB-C power cable
