Product Code: 1102427

R2,115

Darkflash DS900WS computer case (White) + 4 ARGB fans

Darkflash DS900WS is a modern solution for demanding users who value both aesthetics and functionality. The distinctive design with a wood and metal front and tempered glass side panel, not only looks striking, but also provides excellent visibility of components. The case is designed to provide optimal cooling, performance and versatility, while offering ease of modification and expansion of computer systems. The kit includes 4 fans.

Effective cooling

Every computer needs a good cooling system, and the DS900WS provides it without question. The ability to mount up to 12 120 mm fans and water cooling makes the case ideal for those who expect

high performance and reliability, especially during intensive use. In addition, 4 high-performance fans are included, which blend perfectly with the interior of the case.

Protection and ease of use

The case is designed to protect the computer's interior from dust, which is important for maintaining cleanliness and performance. In addition, its well-thought-out design makes it easy to upgrade and expand components, which is especially useful for users who want to build exactly the system they want. What's more, the DS900WS offers an HD Audio (High Definition Audio, a high-definition audio connector) port, USB3.0 (Universal Serial Bus 3.0, a high-speed data transfer connector) x1 and USB2.0 x2, allowing other devices to be connected to the chassis.

Compatibility and expansion

The Darkflash DS900WS is compatible with a wide range of motherboards, including ATX (Advanced Technology eXtended, a standard motherboard format), M-ATX (Micro Advanced Technology eXtended, a smaller motherboard format) and ITX (Information Technology eXtended, a compact motherboard format), giving users freedom of choice and flexibility in configuring their systems. In addition, 7 PCI (Peripheral Component Interconnect, an interface for expansion cards) slots allow further expansion and customization of the chassis.

Durability and aesthetics

The Darkflash DS900WS is an enclosure built with durability in mind. The support mechanism and sturdy construction provide stability and security for all computer components, which is especially important for system expansion.

Included

- computer case
- ARGB fan x4
