GameSir G8 Galileo comes with an innovative pass-through charging feature, so you can enjoy gaming without worrying about your phone draining. This is ideal for long gaming sessions where an uninterrupted experience is key.

Precise control with GameSir knobs with Hall effect

Control knobs using Hall effect technology guarantee 360° precision. Designed with discerning gamers in mind, these knobs provide smooth movements and long-lasting durability, which is essential for dynamic mobile gaming.

Convenience and versatility

The GameSir G8 Galileo controller is ergonomically shaped and lightweight (weighing only 252g), making it comfortable even during long gaming sessions. Its compact size (217 x 107 x 54mm) makes it easy to carry and store.

Compatibility with various gadgets

Thanks to its phone holder, the GameSir G8 Galileo is ideal for various sizes of mobile devices. In addition, the controller has a 3.5mm audio jack connector, allowing you to connect headphones for better sound quality while playing.

Kit contents:

- Controller x 1
- Small stick x 1
- Tall stick x 1
- Round stick x 1
- User manual x 1
- GameSir sticker x 1
