R2,510

DJI Osmo Pocket 3 Battery Handle

Use your DJI Osmo Pocket 3 even longer and conveniently connect selected accessories. The multifunctional DJI Battery Handle has a built-in 950 mAh battery that allows you to extend the camera's operating time by about 62%. The product also supports hot-swapping and is equipped with a USB-C port, which allows you to connect external audio devices such as wired headphones or microphones. This gives you even better sound quality! In addition, the 1/4" thread located at the bottom of the handle allows you to attach additional accessories, such as a tripod. Now you can easily create the perfect shot!
