

Flytec V080 Fishfinder 20,000 mAh Bait Boat

Model: V080-Finder

Manufacturer: FLYTEC

EAN: 5907085524177

Product Code: 1108183

R7,707

Flytec V080 Fishfinder Bait Boat 20,000 mAh (battery not included)

Combine the precision of GPS navigation with advanced sonar technology and boost your fishing success. The V080 boat, bundled with a wireless Fish Finder, is a complete tool for planning, baiting, and monitoring fish activity. With this solution, you gain full control over the process—from choosing a fishing spot to observing the underwater terrain in real time.

Precise Navigation and GPS Autopilot

Save up to 180 waypoints across 9 fishing zones and let the boat navigate the programmed route on its own. The GPS Fixed-Point Cruise feature will keep the boat at a designated point, while the constant-speed mode ensures even bait distribution.

100-meter Sonar Range

The wireless Fish Finder displays real-time depth, water temperature, bottom structure, and the size and location of fish. A range of up to 100 m and a 90° sonar beam angle allow you to effectively scan a wide area of water and precisely select the best spot for baiting.

Powerful drive and water cooling

Two 550 brushed motors, supported by a gyroscopic system, ensure stable and smooth operation while minimizing course drift. The built-in water-cooling system maintains optimal operating temperature, extending the drive's service life.

Long runtime - 20,000 mAh battery

A high-capacity battery (not included) provides 2-4 hours of runtime on a single charge, allowing for long fishing sessions without frequent charging breaks. The boat will automatically return to its starting point in the event of a low battery or loss of signal. This ensures your equipment is always safe.

Dual bait tank

Load up to 3 kg of groundbait into two separate compartments and bait with different mixtures during a single fishing trip. The release function is remotely controlled, giving you full control over the location and amount of groundbait dispensed.

Bright LED lighting

Front and rear LEDs make navigation easier at night and in low-visibility conditions.

Durable and Waterproof Construction

The ABS and carbon fiber hull, seals at key points, and stainless steel screws protect the electronics from water and corrosion.

Included in the Set

- Bait boat
- Remote control with LCD screen
- Antenna
- Wireless sonar
- Fish finder display with antenna
- Mounting bracket and line for the sonar
- Sonar charging cable (USB)
- Battery charging cable (battery sold separately)
- USB-C cable for charging the remote control
- AC adapter
- Screw caps (2 pieces)
- Spare propeller
- Mounting screws and eyebolts (2 pieces)
- Cable for transporting the remote control
- Control stick cover
- Carrying bag
- User manual

Manufacturer	Flytec
Model	V080
Color	Black

Battery (sold separately) 12 V 20,000 mAh

Operating time	2-4 hours
Charging time	approx. 12 hours
Range	up to 800 m
Dimensions	54.8 x 27.5 x 27.7 cm
Sonar range	up to 100 m
Sonar depth range	0.6-36 m
