RayNeo Pocket TV remote control

The RayNeo Pocket TV remote control is a tool that revolutionizes the way you operate and use Pocket TV and RayNeo Air 2 glasses. With its ergonomic design, intuitive interface and wide range of features, it is the perfect companion for entertainment lovers at home, on the go or outdoors. The device allows for seamless control and personalization of content, guaranteeing maximum convenience of use.

Intuitive control and versatility

The RayNeo Pocket TV Pilot is designed for maximum functionality. Equipped with a precision joystick and ergonomic buttons, it allows you to easily navigate through your device's applications and menus. Whether you're using Google TV, browsing through the thousands of available apps, or controlling media playback, the remote will work well in any situation.

Google TV support and voice control

The remote control is fully integrated with Google TV, which means you can enjoy a rich library of more than 400,000 movies, series and apps. In addition, voice control via Google Assistant allows you to give commands without the need for buttons - just say what you need.

Compact size and mobility

Thanks to its compact size and lightweight design, the remote control can be taken anywhere. It will easily fit into a backpack or bag, making it the perfect travel companion. Whether you're planning a long trip or an afternoon relaxing on the terrace, the RayNeo Pocket TV remote will provide convenient access to your favorite content.

Multifunctionality and connectivity

The RayNeo Pocket TV Remote has USB-C ports that allow you to connect various devices, such as headphones or power sources. This versatility makes the remote control the center of your multimedia control.

Long-lasting battery life

Powered by a long-lasting 6,500 mAh battery, the remote provides long hours of use on a single charge. You can enjoy up to 5.5 hours of uninterrupted operation without worrying about the need for frequent charging.

Design and aesthetics

The stylish design of the remote control blends perfectly with the modern design of the RayNeo Air 2 glasses and Pocket TV device. The black color scheme and minimalist finish make it not only functional, but also elegant.

Everyday performance

The remote control will work well in both indoor and outdoor environments. Thanks to reliable Bluetooth 5.2 connectivity, it allows smooth control even from a distance, offering a stable connection.
