Hypershell AeroFlex Nylon Accessory Kit

The Hypershell AeroFlex Nylon Accessory Kit is a practical addition to the Hypershell X exoskeleton system, designed for maximum comfort and fit during use. It includes a hip belt, two leg straps, and mounting tools that allow for quick and hassle-free preparation of the equipment for work. The use of ultra-lightweight diamond-weave nylon ensures high durability while maintaining a low weight, which translates to comfort even during prolonged use in the field. The design has been developed to naturally follow the body's movements, without restricting freedom of movement and ensuring the exoskeleton remains securely in the correct position regardless of the intensity of the activity.

Included:

- Hip belt
- Leg straps x2
- Mounting accessories
