R2,055

12A Shelly Power Strip 4 Gen4 Zigbee/Matter smart power strip black

Shelly Power Strip 4 Gen4 is a smart power strip that provides full control over four outlets simultaneously. Each outlet can be managed individually for optimal energy use and power savings. The device supports Wi-Fi, Bluetooth, Zigbee and Matter protocols, so you can easily integrate it into any smart home system. The compact design makes the strip ideal for under a desk, bedside or home office, and real-time measurement of energy consumption makes it easy to control costs.

Smart control and automation

With the Shelly Power Strip 4 Gen4 power strip, you can automatically turn off devices at specific times, create operating scenarios and schedules, and control equipment by voice via Apple HomeKit,
