

FSP MP7-B Processor Cooler Air 125 mm Black

Model: POO0000014

Manufacturer: FSP GROUP

EAN: 4711498480828

Product Code: 1152850

R1,910

High Performance Cooling Power

The combination of a copper cold plate and aluminum cap boosts conductivity, delivering exceptional cooling efficiency.

Advanced Anti-Gravity Heat Pipes

Maximize the MP7's performance with six 6mm high-performance copper heat pipes.

Superior Cooling Performance

The MP7 features dual heatsink stacks and two 120mm cooling fans to maximize thermal capacity, making it an ideal choice for gamers and overclockers who demand high-performance cooling for extreme heat loads.

Mighty and Cool

Patented Fluid Dynamic Bearing ensures long-lasting durability, making it perfect for high-performance CPU cooling.

The Black Fascination

The distinctive black finish blends effortlessly with your dark-themed PC build.

Hassle-Free Installation

The innovative design allows you to install without removing the fans, saving time and effort. Perfect for both DIY beginners and pros, ensures a hassle-free and enjoyable installation experience.

Offset Design, Reduced Interference

The heat pipes offset design significantly minimizes interference with memory modules, ensuring better compatibility with RGB memory.

Compact Size and Effortless Installation

Measuring 123.5mm in depth and 153mm in height, and provides clearance for RAM. The intuitive mounting bracket ensures an easy and enjoyable installation process.
