

InLine Screw set 68 pieces for TV wall mount

Model: 23100C

Manufacturer: INLINE

EAN: 4043718310463

Product Code: 1153202

R993

Comprehensive screw selection:The set contains common screw types from M4 to M8 in several lengths and supports flexible mounting of different displays.

Efficient installation processes:Thanks to the wide variety of options, missing screws can be replaced immediately without additional procurement effort.

Precise adjustment options:Spacers and washers compensate for different TV backs and enable a stable connection to the mount.

Reliable replacement solution:The set offers a structured selection of relevant screws to continue installations without interruption.

The InLine® screw set offers a comprehensive selection of fastening components for mounting flat-screen TVs on suitable wall mounts. The screws in sizes M4 to M8 are available in several lengths and cover typical requirements of various VESA interfaces. This makes the set suitable for installations where missing or incomplete screws make smooth operation difficult.

Washers and spacers allow for precise adjustment to different display back geometries. They ensure a stable connection and facilitate clean alignment of the device on the mount. The clear sorting of
