The AOC AGON PRO AG276QZD2 offers an immersive visual experience with its 27-inch Quantum Dot OLED display, providing a native resolution of 2560 x 1440. With a rapid response time of 0.03 ms and a V-Sync rate of up to 240 Hz, this monitor is designed for gamers who demand speed and clarity. The vibrant image quality is enhanced by an image contrast ratio of 15000000:1, providing deep blacks and brilliant colors across a wide color gamut, making it suitable for a variety of applications beyond gaming, including professional content creation. Featuring a sleek design with a 3-sided frameless display, this monitor incorporates multiple gaming modes such as FPS and RTS modes, as well as Flicker-Free technology and Low Blue Light features to ensure comfortable viewing during extended usage. The ergonomic adjustments, including height, tilt, swivel, and pivot, allow for customized setups to enhance comfort and productivity. Additionally, the built-in USB hub and variety of input options, including HDMI and DisplayPort, enhance connectivity for various devices.
