The Philips Evnia 3000 27M2N3201A monitor delivers vivid Full HD (1080p) visuals on its 27-inch screen. With a responsive 0.5 ms response time and a refresh rate of up to 180 Hz, this monitor ensures smooth gameplay and fluid motion for an optimized viewing experience. Featuring a color gamut of 128% sRGB and HDR10 capability, every image appears true to life, making it suitable for gaming, content creation, and entertainment.

Designed with comfort in mind, the Smart Ergo base allows for height, tilt, swivel, and pivot adjustments, ensuring an ergonomic setup that reduces strain during long hours of use. The anti-glare coating and low blue light mode help protect eyes while enhancing visibility, while multiple connectivity options including HDMI and DisplayPort make it versatile for various setups. The monitor also includes features like SmartContrast and Adaptive-Sync technology, catering to both gamers and professionals seeking an efficient visual experience.
