DDPAI Z90T 4G Dash Cam

The DDPAI Z90T 4G is an advanced dash cam with three recording channels that captures footage from the front, rear, and inside the vehicle. The front camera allows recording in 4K resolution (3840 × 2160) at 30 fps or 2560 × 1440 at 60 fps, while the rear and in-cabin cameras record footage at 2560 × 1440 at 25 fps. The model also features Triple HDR, built-in GPS, 4G connectivity, parking monitoring mode, app control, and support for microSD cards with capacities up to 512 GB. The package is rounded out by fast 5 GHz Wi-Fi 6, Bluetooth 5.1, a 3-inch screen, and a supercapacitor designed to operate across a wide temperature range.

Three cameras—greater control over what's happening around the car

The three-channel design allows you to simultaneously record what's happening in front of, behind, and inside the car. The front lens offers a 143° field of view and an f/1.8 aperture, the rear lens a 126° field of view and an f/2.0 aperture, and the in-cabin camera a 123° field of view and a bright f/1.55 aperture. As a result, the DDPAI Z90T 4G can capture more important details during everyday

driving, and the Triple HDR feature helps produce clearer footage in challenging lighting conditions.

4G Connectivity and Parking Monitoring

4G network support enables remote communication with the dashcam, expanding your ability to monitor the car even when you’re away from the vehicle. The dashcam is also equipped with a parking monitoring feature and a 3-axis G-sensor, allowing it to be used to monitor the vehicle while parked.

GPS, app, and fast wireless communication

The built-in GNSS module supports GPS, BDS, GLONASS, GALILEO, and QZSS, providing access to vehicle location data. Wi-Fi 6 Turbo connectivity in the 5 GHz band improves wireless communication with the device, and Bluetooth 5.1 further expands connectivity options. The dashcam can be managed via the app, and the voice command “Take Photo” allows you to take a photo without having to manually operate the device while driving.

Manufacturer	DDPAI
Model	Z90T 4G
Number of channels	3
Front camera resolution	3840 × 2160 at 30 fps / 2560 × 1440 at 60 fps
