Rojeco F26 4 Meals Cat Feeder Button Version with 2 Ice Packs (white)

The Rojeco F26 smart food dispenser is the perfect solution for owners who want to provide their pets with fresh meals at any time. Thanks to the built-in two cooling cartridges, food stays fresh for up to 24 hours, which is especially important for wet food. Four compartments, each with a capacity of 240 ml, allow precise portioning of meals, taking care of a well-balanced diet.

Safety and convenience of use

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Rojeco F26 was designed with pet safety and owner convenience in mind. A locking lid prevents accidental opening by curious paws, while rounded edges and non-slip feet ensure the unit's stability. A smart touch panel with LED display makes it easy to set feeding times, and an automatic screen lock protects against accidental changes in settings.

Ease of use

The dispenser is made of pet-safe PP materials that are non-toxic and durable. The inner tray and lid can be easily cleaned in the dishwasher. The dispenser runs on batteries, which ensures independence from an electrical outlet, and a low-energy reminder lets you know when the batteries need to be replaced.

Manufacturer	Rojeco
