Model: 25459

Manufacturer: TRUST

EAN: 8713439254594

Product Code: 1181775

R1,720

Naturally better working

Feel better while you work with the Keyra Ergonomic Wireless Keyboard. Featuring a full-size split layout and convex curve, it promotes natural hand and finger placement, along with more wrist support than regular keyboards. That means less strain and more productivity with every keystroke!

Work smarter, not harder

Find the way that works for you with this keyboard's multi-device wireless connection. Switch seamlessly between up to three devices at once via two different Bluetooth connections or the storable 2.4G USB receiver, compatible with both USB-C and USB-A devices. Ultimate flexibility, here we come.

Quietly comfortable

Whether you're seated or standing, enjoy all-day comfort with the Keyra's pillowed palm rest and adjustable fold-out feet. Those around you will love this keyboard too – silent keys make it the ideal companion for quiet workspace, ensuring no distractions for you or those around you.

Don't stop the flow

We know how good working can feel when you're in the zone, which is why this keyboard has been designed with long-life batteries and a power-saving on/off switch that delivers up to 2 years of continuous use. Say goodbye to frequent battery changes and focus on what truly matters!

The conscious type

Work smarter for the planet with the Keyra. With a sustainable design of 85% recycled plastics and an RPET fabric finish palm rest, it's built to last whilst having a reduced impact on the environment.

Your control centre

Access your favourite functions with a single press. Offering 13 Fn-media keys and six dedicated multimedia keys, you'll have instant control over volume, playback and more, making you the multi-tasking master you're meant to be!
