R966

Overview

Charging with personality. The HyperJuice USB-C Silicone Charging Cable delivers fast 60W USB-C Power Delivery in a soft-touch silicone design built for everyday use. Powered by PD 3.0 Extended Power Range (EPR), it charges MacBooks, PC laptops, tablets, phones, and 1,000+ USB-C devices at full speed. The premium silicone jacket stays tangle-free in a bag or pocket and is tested to withstand 10,000+ bends, giving you a cable that lasts. Made with recycled silicone and recycled TPE, it's better for the planet without sacrificing performance. Available in a range of colors to match your style, it's a clean, functional essential that fits your everyday charging needs.

Fast 60W USB-C Charging

Deliver up to 60W of USB-C Power Delivery, powerful enough for MacBooks, PC laptops, tablets, and phones. Fast charge a MacBook Air to 50% in 30 to 40 minutes.

Premium Silicone Finish

The premium silicone jacket feels soft in hand and stays tangle-free in a pocket, bag, or wrapped around a charger, making it easy to carry wherever you go.

A Colour for Every Setup

Available in a range of colours, so you can match your cable to your devices, desk, or daily carry. A cable that looks as considered as the rest of your gear.

Tested to 10,000+ Bends

Built to hold up to daily use, the silicone jacket is tested to withstand 10,000+ bends, giving you a cable that keeps working trip after trip.

Recycled Materials

The outer jacket of the cable contains 50% Post-Consumer Recycled silicone and the plastic housing on the connectors contains 35% Post-Consumer Recycled TPE plastic.

Compatible with 1,000+ Devices

Designed to work across a wide range of USB-C devices, from laptops and tablets to phones, earbuds, and wearables. One cable, ready for your full setup.
