Professional looking prints

Enjoy great prints with clear text and vivid colours with this reliable and high-quality ink. The 112 ink series features all pigment inks to give you sharp prints that resist smudges and highlighters. As the pigment is quick drying, this ink is ideal for producing double-sided prints.

Print thousands of pages

It's impressive how many pages just one replacement set can produce - up to 7,500 pages in black and 6,000 in colour.

Easy to use

Filling EcoTank is simple and mess free with the resealable, intuitive and drip-free ink bottles. Thanks to a special mechanism, these ink bottles only allow the correct colours to be inserted.
