R3,462

Lanberg's wall-mount double-section cabinet WF02-6612-10S is a solution designed to expand networks, install cabling and mount flexible equipment, with a size of 19" and maximum loading capacity of 60kg. It can be used in networks, server rooms, small, medium businesses. On top of that, this particular cabinet can also work in low-voltage systems such as cable TV networks, alarm systems, fire protection and access control systems, CCTV and IP surveillance.

Product construction is made of high-grade cold rolled steel and is characterized by an excellent design and high quality of craftsmanship. Having additional section, you can easily lead cabling from the rear, perform maintenance of equipment fitted inside or upgrade its functionality by installing new devices. Additionally, the cabinet is equipped with a front tempered glass door with lock and
