

SYNOLOGY DS925+ DiskStation NAS Ryzen V1500B 4GB ECC SODIMM

Model: DS925+

Manufacturer: SYNOLOGY

EAN: 4711174726004

Product Code: 1183505

R20,946

The Synology Disk Station DS925+ is a NAS server that offers scalability and performance for personal and business use. Designed with a robust Ryzen quad-core processor operating at 2.2 GHz, this device ensures efficient multitasking and seamless data access. With 4 GB of DDR4 ECC RAM and support for a maximum storage capacity of 200 TB, it meets the demands of data-intensive environments, enabling users to store and manage large volumes of information effectively. Equipped with four hot-swap bays for 2.5" / 3.5" drives and two M.2 2280 expansion slots, the DS925+ supports flexible storage configurations and provides easy upgrades. This server includes features like hardware encryption, scheduled power on/off, and H.264/H.265 encoding for multimedia applications. Networking is enhanced with 2.5 Gigabit Ethernet support and compatibility with various network file systems and protocols, making it an ideal choice for homes and businesses seeking reliable and high-performance storage solutions.
