

**GREEN CELL**  
**power inverter**  
**24V-230V**  
**3000W/6000W**  
**with LCD display**  
**- pure sine wave**

Model: INVGC24P3000LCD

Manufacturer: GREEN CELL

Product Code: 1183687

**R5,733**

The Green Cell DC to AC power inverter provides reliable power conversion with efficient operation. Designed for convenience, it features an LCD display that indicates the operational status, while LED indicators keep users informed on power usage. With an output of 3000 W, it delivers pure sine wave power, making it suitable for sensitive electronic devices.

Active cooling via a built-in fan allows the inverter to maintain optimal performance even in demanding conditions. The device is equipped with multiple safety features, including overheat protection, overcharge protection, short-circuit protection, and reverse polarity protection, ensuring safe usage. Ideal for both emergency power supply and day-to-day use, the inverter operates with an efficiency of 85%, making it a practical solution for various electrical needs.
