

CISCO MERAKI MV ENTERPRISE LICENSE AND SUPPORT-1 DAY

Model: LIC-MV-1D

Manufacturer: CISCO

Product Code: 1183992

R527

The Meraki Enterprise Cloud Controller lets administrators build secure and scalable wireless networks quickly, easily, and at a lower cost. It provides centralized management, mobility, and security across multiple access points and deployment sites, and facilitates phenomenal real-time support. As the world's first hosted wireless LAN controller, the Meraki Enterprise Cloud Controller eliminates the cost and complexity of traditional hardware-based wireless controllers.
