R1,249

The Natec Kudu plus notebook carrying backpack combines functionality and style for everyday use. Featuring a weatherproof design, this backpack ensures that valuable items remain protected from the elements. Its splashproof exterior works in harmony with a ventilated back panel that enhances comfort during transport. Designed with a focus on convenience, it includes lockable trolley system features, making it an ideal travel companion.

With multiple compartments for organized storage, the Kudu plus accommodates documents, mobile, and notebook accessories, while also ensuring space for a tablet. The ergonomic handle and zipper closure offer ease of use, while the durable 1680D polyester material and soft padded foam provide longevity and comfort. Suitable for notebooks up to 15.6 inches, this backpack is a practical solution for anyone on the go.
