

LANBERG Surge protector SP1 3m 5x Schuko black

Model: SP1-05F-0300-BK

Manufacturer: LANBERG

EAN: 5901969439816

Product Code: 1184099

R837

The Lanberg SP1 Power Strip serves as an essential solution for expanding power access in your home or office. With five output connectors, this power strip allows for multiple devices to be connected simultaneously, ensuring efficient use of electricity. It features an integrated design that includes a surge protector, providing a safe environment by preventing damage to connected devices during power surges. The device supports a total power output of 2500 W and includes an on/off switch for easy management. The built-in fuse and child protection features add an additional layer of safety, making it suitable for various settings, including those with children or sensitive electronics.

Additionally, the Lanberg SP1 is rated for a surge energy of 555 Joules and a maximum electric current of 10 A, ensuring reliable performance during use. The power Type F/E input connector enhances compatibility with various devices. This surge protector's external form factor and overload protection make it both practical and protective for all your electrical needs.
