

LANBERG

Patchcord cat.6

UTP LSZH CU

10m black Fluke

passed

Model: PCU6-10CU-1000-BK

Manufacturer: LANBERG

EAN: 5901969434392

Product Code: 1184252

R668

The Lanberg patch cable is designed for efficient network connectivity, ensuring reliable data transmission. Featuring UTP technology and constructed with bare copper, this CAT 6 cable supports tested frequencies of up to 250 MHz, suitable for high-speed networks. The molded, snagless connectors provide durability and ease of installation, while the low smoke zero halogen (LSZH) jacket enhances safety in compliance with various standards including EMC, RoHS, and ISO/IEC 11801 Class E. With male RJ-45 connectors on both ends, this cable is a versatile choice for various networking applications. Its halogen-free composition signifies a commitment to environmental safety, making it an ideal solution for both home and enterprise networking needs. Trust in the quality of Lanberg to maintain a smooth and reliable connection.
