The LANBERG FA-SCUP-MD31-0001-TQ network adapter enhances connectivity with its fiber optic technology. Equipped with SC/UPC multi-mode connectors on both ends, this duplex cable supports efficient data transmission for demanding applications. With a minimal insertion loss of 0.15 dB, it ensures signal integrity over a range of operating temperatures from -40°C to 85°C, making it suitable for various environments. The 50 / 125 micron core and cladding diameter provide optimal performance for multimode applications.
