R865

The Lanberg power distribution unit offers a reliable solution for managing power distribution in various settings. Designed to fit seamlessly into standard 19" racks, its compact form factor and horizontal mounting option make it a versatile choice for any setup. With a focus on safety, it features integrated circuit protection, including a circuit breaker and fuse, alongside overcurrent and overload protection to ensure your equipment remains safe from electrical hazards. The unit's LED indicator allows for easy monitoring of power status, while the durable aluminum enclosure ensures longevity. Whether for professional or personal use, this power distribution unit is engineered to meet the demands of any environment.
