The Lanberg PDU-08E-0200-BK Power Distribution Unit is designed to optimize power management in demanding environments. With a robust aluminum enclosure, this unit supports a maximum voltage of AC 220-250 V and provides 4000 watts of power. The built-in circuit protection, including a fuse and circuit breaker, ensures safety while also featuring surge suppression to handle unexpected power spikes with a maximum spike current of 5000 A. Its integrated power cable, measuring 2 m in length, simplifies installation while maintaining a clean setup.
