

LANBERG KSF5- 2000 Keystone Toolless Module RJ45->LSA 180deg FTP Cat.5e

Model: KSF5-2000

Manufacturer: LANBERG

EAN: 5901969415933

Product Code: 1184305

R574

Lanberg's tooless Cat5e FTP RJ45 keystone can be mounted in any adapter having appropriate connectors e.g. inside of adapters for 45x45 sockets, electrical equipment frames or modular panels - therefore, the overall list of applications for this particular keystone module is very wide. The RJ45 socket has an IDC connector cover and 568A/B colored connection sequence designation.
