R1,001

Experience a blend of comfort and convenience with the HP 285 Silent mouse. This wireless pointing device is designed to enhance your productivity and gaming sessions with its ergonomic shape, ensuring a comfortable grip that reduces hand fatigue over time. The blue optical sensor provides precise movement tracking on a variety of surfaces, making every task smoother and more accurate. With its 2.4 GHz wireless connectivity, you can enjoy a clutter-free workspace and the freedom to move without the constraints of a cord. Setting up is a breeze, thanks to the included USB wireless receiver, which ensures a quick and secure connection to your computer. Whether you're working on important projects or engaging in gaming sessions, the HP 285 Silent mouse is your go-to device for reliability and comfort.
