The DICOTA Slim Case FIVE is designed to provide protection and convenience for your laptop and accessories. Made from 900D recycled PET material, this notebook carrying case combines sustainability with functionality. It features a lockable notebook compartment and reinforced padding to keep your devices secure during transport. The padded laptop compartment is compatible with notebooks ranging from 12 to 14 inches, ensuring a perfect fit. Additionally, the Slim Case FIVE offers multiple compartments for organization, including a front pocket, document compartment, and accessory pockets. An RFID protected pocket adds an extra layer of security for your valuable items. Equipped with a trolley strap, padded shoulder straps, and top carrying handles, this case allows for various carrying options to suit your needs. A hidden tracker slot helps you keep tabs on your belongings, making this case a choice for daily commutes or travel.
