One bar does it all for you

Elevate your sensory experience with this all-in-one 2.1 channel soundbar featuring visualised built-in subwoofer, bringing movies, music, and games to life. All in a design that blends seamlessly into your home.

See the vibration

Enjoy deep bass sound from a visualised built-in subwoofer with minimal equipment cluttering up your living space.

Feel sound from every direction

Feel the combined force of Dolby Digital Plus 7.1 and DTS Virtual:X technology creating a virtualised floor-to-ceiling surround sound experience that makes you feel you are really there.

Together is better

With TV mode technology, when paired with Hisense TV you could enjoy the full potential of your

TV's sound engine through the Soundbar speakers for immersive audio enhancements.

One remote, double enjoyment

Easily control your Hisense Soundbar's sound modes through your Hisense TV remote to optimise audio and dialogue. Make the Soundbar setting menu appear on the TV, and control your Soundbar with the TV remote.

Connect, Listen, Enjoy

Plug and play. Bluetooth 5.3, HDMI ARC, Optical and AUX can be selected to connect.

Made for each other

With this matching and low-profile design, the HS2000 Soundbar pairs perfectly with Hisense TVs.
